Dear Parents and Carers,

I hope you and your families are well.

At Greenheart Learning Partnership, we firmly believe that the success of our schools is built on strong partnerships with parents and the wider community. With that in mind, we are excited to introduce the new Parent and Community Forum for each of our academies. This initiative is designed to provide a structured, meaningful platform for parents to contribute to the continuous improvement of our schools.

### **What is the Parent and Community Forum?**

The Parent and Community Forum will give parents the opportunity to engage directly with the school and Trust leadership team, sharing their views and providing input on topics that affect the whole school. These discussions will focus on key areas like school operations, pupil experiences, parent engagement, and other whole-school matters. Your feedback will be shared with the Trust's Executive Team and Board of Trustees, helping to shape decisions that benefit the entire school community.

**Please note that this is not a platform for raising individual concerns or complaints**, but rather a space to work collaboratively on improving the school for all pupils and families.

### **How You Can Get Involved?**

We warmly invite all parents and carers to participate in the Parent and Community Forum. Meetings will take place once per term and will follow a clear agenda focused on school improvement. If you are interested in joining, or simply wish to learn more, please feel free to speak directly with your local Head Teacher, who will be happy to provide further information. We are committed to creating an inclusive environment where every voice can be heard, and we value your participation in helping us shape the future of our schools.

Thank you for your continued support, and we look forward to working with you through the Parent and Community Forum to ensure the success and well-being of all our students.

Kind regards

A handwritten signature in black ink that reads "Charlie Chambers".
